

The benefits of London Funders

London is a complex city and its funding landscape is changing dramatically. This change is being driven by a combination of factors including the redefining of the role of the state (both national and local), the changing profile of poverty and the needs of the population within London, and the increasingly complex governance and public policy landscape that our members operate within.

London Funders is a unique network. Our members invest in every aspect of London's life, from the arts through to welfare, and they fund across all 32 boroughs and the City of London. London Funders provides a safe place to think and talk in order to facilitate collaboration and action, supporting our members to achieve their varied and diverse missions. Membership to London Funders allows for the following benefits:

- Regular member seminars on topical funding issues, featuring senior-level speakers, with challenging debates and opportunities to share opinion and good practice with funder colleagues
- Project group meetings enabling members to work together on specific issues in smaller groups
- Access to policy briefing meetings, member updates and occasional joint events with key agencies on current issues
- Weekly briefings focusing on key funding issues, relevant news and highlighting members' programme updates to the wider membership
- Opportunities to network with a wide spectrum of funders including statutory, corporate and foundation funders across London
- Opportunities to raise your own issues and disseminate and discuss your programme outcomes or research with funder colleagues from all sectors across London through our programme of events or in a tailor-made gathering

This is an exciting time to join London Funders - last year we confirmed our new 2018-21 strategy. We're here to strengthen civil society and create a better London, through enabling funders from all sectors to be effective. London Funders is focused on collaboration – convening funders to connect, contribute and cooperate together, to help people across London's communities to live better lives.

If you would like to discuss membership further, then please contact the London Funder's team and we would be happy to talk to you about your organisation and how we could best support you to achieve your aims.

"We are a UK wide funder and London Funders helps us keep abreast of the pertinent issues in the capital. The perspectives of such a broad range of varied stakeholders brings a freshness, different narrative and challenges our thinking."

Gilly Green, Comic Relief

*"A timely and brilliant event as always-
incredibly useful"*

Cathy Togher, London Community Foundation

"We found talking to other funders about how they made their decisions and set priorities incredibly helpful. We are a funder and also apply for funding ourselves, so being able to learn from the London Funders members about how they do things really makes a difference to our work"

Babu Bhattacharjee, Poplar Harca
